

TEMPORARY FENCING

2000 SERIES

Recommended for light civil and construction projects. The 2000 Series Standard temp fence is easily erected to secure your site.

The Easy Choice for Superior Safety

The Fortress Fencing 2000 Series temporary fencing panels are your one-stop solution for securing construction sites, events, and more. These Australian Standards certified panels, featuring anti-climb meshing, provide unmatched security and peace of mind.

Benefits:

- Enhanced security: Anti-climb meshing discourages unwanted access.
- Simple installation: Lightweight panels and quick assembly process.
- Versatile application: Ideal for construction sites, events, crowd control, and more.
- Durable and reliable: Built to withstand demanding conditions.
- Cost-effective: Great value for your temporary fencing needs.

Applications

- Sites under construction
- Protection for high-value equipment and materials
- Managing crowds at concerts and festivals
- Securing event perimeters
